Practical 02

GitHub submission

- Directory: `sandbox/02_practical/`
 - COPY this directory into your Practicals repository.
 - Complete queries in the file `02_practical.md` using the DB from the builder file, `campusDB_build.txt`
 - Push your work BEFORE time that it is due.
- **GitHub Classroom repository link:**
<https://classroom.github.com/a/3FKw8tMD>

Useful commands:

- `git add -A`
- `git commit -m "Your commit caption here"`
- `git push`
- **Your check-marked assignment is due by 30 Sept, 12:00 EDT**
